

# Affordable Health Care for Your Children

**Your children may be eligible for health insurance even if you are not.**  
Check to see if your children can get covered today!

## Why is it important for my children to have health insurance?

### Health insurance helps pay costs when your children need care.

No one plans to get sick or hurt, but all kids need medical care at some point. Health coverage helps pay for these costs and protects you from very high medical bills.

### Kids need to see the doctor even when they are healthy.

Shots for school, well-child visits, and dental care are all important for kids to stay healthy. Health insurance helps pay for these preventive services so that your kids stay happy and healthy.

## What health insurance options are available for my children?
