

GEORGIA LEFT ME OUT

“I’m scared to death to go sleep at night. I’m afraid I just won’t wake up. Medicaid expansion would help me tremendously.”

Tracy from Augusta, GA

Tracy is disabled and is unable to work. She has so far been unsuccessful in receiving disability benefits. She has severe back problems and other health problems, including a degenerative disc disorder, thrush requiring dentures, and an anxiety/panic disorder. Tracy has to live at home with her mother who pays for all their bills with her pension. She feels that she is a burden on her mother. At a recent check-up, Tracy was diagnosed with a heart problem which causes her heart to slow down close to a stop when she is sleeping. She’s afraid she’ll go to sleep and never wake up.

I fall in the coverage gap too.

Tracy's voice matters. So does mine. We support closing Georgia's coverage gap because:

I do not wish to receive action alerts about Georgia's health care issues, including efforts to close the coverage gap.
