Why Is It Important to Act Now?

To Stay in Charge of Your Healthcare Coverage.

When the federal government ends the COVID public health emergency, every state, including Georgia, will be required to check who is still eligible to receive Medicaid or PeachCare for Kids® coverage. This is called a “redetermination process.” During this time, Medicaid and PeachCare for Kids® members may be asked to provide more information or complete certain steps. It is very important to respond to these requests. The requests will be sent in the mail or to your email.

Who May Be Affected?

People Enrolled in Medicaid or PeachCare for Kids® Coverage.

Because the pandemic was considered a public health emergency, most Georgians did not have their Medicaid or PeachCare for Kids® eligibility reviewed during that time. That will soon be changing. Here's some good news: If you or your family have been receiving Medicaid or PeachCare for Kids® benefits and haven't taken other steps, you may still have coverage*. Now is the perfect time to update your information so you can stay informed.

People Who Are Not Sure if They Are Enrolled in Medicaid or PeachCare for Kids® Coverage.

If you think you or your family may be enrolled in Medicaid or PeachCare for Kids® coverage, but you aren't sure, now is the time to learn your status and take action.
